PRODUCT NEWS

New SVS-VISTEK EXO Gig-E camera

Datasensing is pleased to announce the introduction of the new EXO series of GigE cameras.

With their robust housing, the EXO cameras from SVS-Vistek provide the right solution for tough applications.

Both grayscale and color models are available and the product range includes three different resolutions: 1.6 MP, 2.3 MP, 5 MP.

EXO cameras provide your application with an extreme scalability and top performance with their high-quality CMOS sensors.

Product Highlights

- Powered by the highest quality Sony global shutter CMOS sensors
- Grayscale and color models
- 1.6 MP, 2.3 MP, or 5 MP Resolution
- POE (Power Over Ethernet) single-cable option
- C-Mount lens support
- Fully compatible with MX-E series vision processors (IMPACT 13.1.2 or greater required with enhanced license enabled)
- Mechanical mounting holes on 4 sides
