## Datalogic acquires Pekát Vision, a proprietary machine learning and deep learning algorithms

Datalogic acquired the entire share capital of [Pekát S.r.o.](#)

Based in Brno, Czech Republic, the start-up has developed proprietary algorithms which use machine learning and deep learning for the automation of processes in the manufacturing, transportation and logistics sectors.

This acquisition will be very important also for Datasensing, thanks to the great synergies with Machine Vision products, ranging for Smart Cameras to Industrial Cameras and Controllers.
