PRODUCT NEWS

SH4: NEW ACTIVE/PASSIVE MODELS

Datasensing announces the introduction of new **SH4 - AP** models, offering the most complete series of safety light curtains on the market.

In addition to finger, hand and body protection models, which are based on emitter and receiver active units, body protection models made of one active and one passive reflective units are now available.

SH4 - AP new models can cover Base, Standard, Muting and Advanced functionalities, and correspond to the 2, 3 and 4 beams light curtains, with 500, 800, 900 and 1200 mm controlled heights.
